

HICKORY

AACER™

RESIDENTIAL FLOORING

Hickory

With rich color variations and prominent brown lines, hickory is one of the most popular hardwoods for flooring, cabinetry and trimwork. Unique character and defined graining give hickory it's appeal. In addition to being beautiful, hickory is also very durable. Design with hickory to create a bright, elegant look or a rustic, distressed look.

MATERIAL WARRANTY

Aacer Flooring warrants that the products have been manufactured in compliance with the grading rules of Aacer Flooring, and will be free from manufacturing defects, which are limited to improper milling or improper drying only. Manufacturing defects do not include natural wood characteristics such as mineral streaks, knots, grain variations, and normal minor differences between color samples and the color of installed floors. These are normal characteristics and are not defects.
