

SHOK-LOK™

NOISE & VIBRATION SOLUTIONS by HUMANE

SHOK-LOK is the newest line of products from Humane Manufacturing. It combines our strong and durable 3/4" mats with a special molding process to create an incredible barrier to noise and vibrations.

You can cover an entire weight room with our 2 x 2 tiles to protect an upper level fitness center or just utilize a single equipment mat for an individual piece. **SHOK-LOK** is an incredible solution for residential and commercial facilities that need an extra level of protection.

Proven technology and innovation
